WHO IS THIS APP FOR? The FitCoach app is developed specifically for people who care about their health and want to slim down and get in shape but don't have enough time to go to the gym. HOW TO START WITH FITCOACH? Set your goals: weight loss, muscle gain, or to be more active Select the zone that you want to work on: belly, buttocks, legs, arms, back Enter your personal data such as age, height, weight, fitness level, etc. HOW DOES IT WORK: According to your goals and personal data, our smart algorithm will suggest a personalized workout plan - a combination of cardio, strength, recovery, and LISS (walking, running, cycling) exercises that will enable you to maximize your results. The basic plan will be created for 60 days and displayed in your calendar. Each week the workout plan will be updated according to your progress and feedback (were the previous workouts too easy or too difficult for you). Additionally, you will have access to a library of 1,000+ workouts. HEALTHKIT: FitCoach integrates with HealthKit, so you can export nutrition and exercise data from FitCoach to HealthKit, and import fitness data and weight and body measurements from HealthKit to FitCoach.
